

THE LAWRENTIAN

Vol. 54. No. 21.

LAWRENCE COLLEGE, APPLETON, WIS.

Friday, March 12, 1937

New Amendments Outline a Rigid Editorial Board

Faculty Membership Would be Required on Permanent Council

The addition of an Editorial Board which would have direct control of Lawrentian editorials and making the managing editor responsible for the remainder of the paper, were proposed as amendments to the Lawrentian Constitution by Mr. F. W. Clippinger, Professor of English, at the meeting of the Lawrentian Board of Control, last Tuesday afternoon.

The reason for such amendment, according to Mr. Clippinger, would be to "stabilize" the Lawrentian. After a long discussion between Mr. Clippinger, Karl Cast, Thomas Jenkin, and Albert Ingraham, the proposed amendments were tabled.

These proposed amendments to the constitution of the Lawrentian defined the Editorial Board, proposed as the board's duty the writing of all Lawrentian editorials, and placed the responsibility for editorials and editorial policy directly in the hands of the Editorial Board.

According to the other proposed amendments, the managing Editor would be responsible to the Board of Control for the collecting, writing, and editing with the exception of editorials and paid advertising. Mr. Clippinger also proposed definite tests for the reporter, to be taken and passed before his name would be displayed in the mast-head of the Lawrentian.

Albert Ingraham recommended further changes: (1) To add the name of the President of the Student Body to the constitution since he attends all meetings. This motion was passed. Ingraham also proposed since the L. W. A. has a member that is present at the Board meetings but is not mentioned in the constitution, that a member be appointed by the Executive Committee for that position. There was considerable opposition to this motion by Mr. Clippinger, Mr. Watts, and Bob Arthur. However, the motion was passed with the recommendation that the L. W. A. president be appointed as that representative.

The financial report of the Lawrentian was presented to the Board by Karl Cast, business manager, and was accepted. The motion to pay the typist once a month as current expenses was accepted. Betty Kleiner was appointed Circulation manager upon the resignation of Grace Lightfoot.

At a previous meeting Albert Ingraham, suggested changes in the terminology and also proposed that the Dean replace the president on the board since it was suggested to do so by the Administration last fall. These changes were passed at the last meeting, and were also passed by the faculty. They now lie in the hands of the trustees for final ratification.

Sat. March 13: All Greek Carnival at the New Alexander Gym. Campus Club Dinner at Ormsby. 1:30 p. m. Mid-West Swimming Meet at the gym.
Wed. March 17: W. A. A. Play night at the old gym.
Thurs. March 18: "Ab, Wilderness" at the Lawrence Memorial Chapel at 8:20 p. m.
Fri. March 19: "Ab, Wilderness" at the Lawrence Memorial Chapel, at 8:20 p. m.
Sat. March 20: Ormsby Formal.
Tues. March 23: Lawrence Men's Club Basketball Dinner.
Sat. March 27: Spring Recess beginning at twelve o'clock.
Mon. April 5: Spring Recess ends at 8:00 a. m.
Wed. April 7: W. A. A. Play night.
Sat. April 10: L. W. A. Dance.
Tues. April 13: Nine Weeks ends.
Sat. April 17: Sage Formal.

Barrows Discusses Fraternity Policy Of Administration

Addressing the assembled fraternity men in the Smoker last evening in the Brokaw dining room, President T. N. Barrows discussed the policy of the administration toward the fraternities.

Clifford Kenyon, Phi Delta Theta, and Roberta Bartella, Delta Sigma Tau, each presented his impression of their trip to the National Interfraternity Council Conference in New York last fall.

Toastmaster John S. Mills presided over the get-together and Mr. Eric Volkert was in charge of songs with Cecil Neubecker accompanying on the piano.

Forum to Discuss Strikes and CIO

Robert Mott, Permanent Chairman, Will Pre- side March 17

Sit down strikes and the Committee for Industrial Organization will be discussed in the second meeting of the Student Forum, on next Wednesday evening, March 17, at 7:30 P. M., in the English literature room.

Mr. Donald DuShane, assistant professor of government, and Dr. W. A. McConagha, professor of economics, will present these labor problems to the students. The second step in reviving the Student Forum, which has been dormant for the past two years. The first step was taken a few weeks ago with a discussion of President Roosevelt's court program.

Heading the new Forum Committee appointed by temporary chairman, Albert Ingraham, will be Beta Theta Pi Robert Mott, who was unanimously elected permanent chairman by the committee last Tuesday.

Other members appointed to the Forum Committee are Marian Humleker, Margaret Seip, Everett Bauman, and Kenneth Osborn. Plans for future forums were also considered at the Tuesday meeting.

ROLLER SKATING PARTY
The Numeral Club will sponsor a roller skating party, March 17, from 7:30 to 9:30 p. m. at the Armory. Admission 15 cents. Come and fall with us.

More Than College, the Fraternities Aid Growth

BY CHESTER A. CREIDER

"I am quite in love with your college," was the first thing Mr. Hackett said to your inquiring reporter. Many admirers had hastened back stage as a tribute to one who had given them a new meaning of the words "Fraternity" and "Sorority." Mr. Hackett was "Very happy to see the way in which our fraternities and sororities cooperated between themselves and with the administration."

Mr. Hackett says, "The fraternity, more than the college, itself, can develop an individual's personality." This was most strikingly brought out in Mr. Hackett, himself. Here is a man who has devoted himself wholeheartedly to fraternities and what they mean, and surely he has a most interesting and congenial personality. He is the embodiment of the meaning of fraternity, a fully developed individual.

Another interesting thing Actor Hackett believes in, is the power Shakespeare has in bringing out an individual's qualities. "The keynote of Shakespeare's character lies within the plays themselves," Mr. Hackett gave the speech of Mercutio in "Romeo and

First All Greek Week Ends With Gala Ball

Hackett Addresses As- sembled Greeks on Fraternity Values

In a speech at the Lawrence Memorial Chapel on Wednesday evening, March 10, as the first activity of All Greek Week, Mr. Norman H. Hackett said, "The finest thing a fraternity has to offer is the opportunity to develop personality to the utmost and the ability to express oneself through the mediums of voice, character, and manliness." He quoted Alvin Duer, a Delta Tau Delta man and one of the most prominent in the fraternity world, as saying that fraternities enable a man to learn that all-important lesson of how to get along with his fellow men, how to develop qualities of leadership.

Arthur Priest, secretary of Phi Delta Theta, has said concerning the development of the individual, "A fraternity is the research laboratory of college life where intensive study is carried on."

Personality Important

Personality is of paramount importance in the life of a man who is going to succeed. It is what personnel men look for when they interview college graduates. Personality is expressed in three major ways on the college campus; namely, prominence in campus activities, in scholarship, and in the development of personality itself. The fraternity develops all of these through its stress upon well-rounded personality commented Mr. Hackett.

"The great master William Shakespeare, may be looked to for the development of personality."

Missouri U. Professor Speaks About "Clays"

Dr. C. E. Marshall, associate professor of soils at the University of Missouri, spoke before the Northeast Wisconsin Section of the American Chemical Society on last Wednesday evening, March 10, on "The Constitution and Reaction of Clays," at the Institute of Paper Chemistry.

Dr. Marshall came to this country from England in 1936 as a visiting associate professor of soils in the important soil study work being carried on by the University of Missouri.

Main Speaker

NORMAN HACKETT

"I'm in love with Lawrence"

Sig Eps and Delta Gammas Top Greek Scholarship Race

Delta Gammas Nose Out Alpha Chi's in Sor- ority Standings

Sigma Phi Epsilon maintained its perennial hold on first place in last semester's fraternity scholarship standing. The Delta Gammas led the sororities by pushing out the Alpha Chi Omegas, who were leaders of the previous semester.

The sororities had an average of 1,673 to the fraternities 1,355. The average of the sororities has increased over that of last semester, but the fraternity average has been lowered. The combined average of sororities and fraternities was 1,512.

Among the fraternities Delta Tau Delta continued in second place, and Phi Delta Theta rose from fifth position to third. Beta Theta Pi remained in fourth place, and Phi Kappa Tau rose from sixth place to the fifth. Delta Sigma Tau occupied the cellar position.

Kappa Alpha Theta rose from third place to second place, and the Alpha Chis were pushed to the third position. The A. D. Pis climbed out of the cellar position to fourth place, and the Zeta Tau Alphas fell from second to fifth place. The K. D.'s occupy the scholastic cellar.

The rankings and averages for the first semester of the year 1936-1937 are as follows:

Fraternities	
1. Sigma Phi Epsilon	1,628
2. Delta Tau Delta	1,375
3. Phi Delta Theta	1,343
4. Beta Theta Pi	1,333
5. Phi Kappa Tau	1,227
6. Delta Sigma Tau	1,226
7. Non-fraternity	1,206
8. Specials (men)	1,278
9. Graduated (men)	2,000
Sororities	
1. Delta Gamma	1,788
2. Kappa Alpha Theta	1,780
3. Alpha Chi Omega	1,706
4. Alpha Delta Pi	1,667
5. Zeta Tau Alpha	1,551
6. Kappa Delta	1,550
7. Non-sorority	1,602
8. Specials (women)	1,690
9. Graduates (women)	2,444

KEPLER SPEAKS

Dr. Thomas S. Kepler, professor of Bible and religion, spoke on "Prayer" at the meeting of the Fireside Fellowship of the First Methodist Episcopal church last Sunday evening at the church.

Tom Temple Plays for Interfraternity Classic Tomorrow Night

Carnival time and the spirit of the Mardi Gras were to have come to Lawrence to-morrow night. Tergiversating to the last the committee decided Wednesday, however, that the shades of New Orleans will not haunt Lawrentians to-morrow night as Tom Temple plays for the First Interfraternity ball. The decision was made on the grounds that the present supply of costumes could allow not over half of the campus population to attend.

The booths which were planned to sell refreshments will be there, and the decorations for the event will still be in line with the Mardi Gras festival spirit. Dark corners and shadows there will be, along with contracting bright lights, both of these spotted by beams from spotlights playing from above. The competent decorations committee, however, has not yet reached a definite plan for the decoration of the gymnasium, but the above-mentioned things, along with the newly appropriated Lawrence Seal, will be part of it.

Tom Temple's fourteen piece band will play for the big affair. From the preview of him a week ago Saturday at the "L" Club dance, evidence remains in all minds that he will be in great shape for the Interfraternity ball. Added to his ever increasing repertoire will be all of the fraternity and sorority sweetheart songs. "We've taken great pains in making these arrangements," says Tom Temple, general director of the popular band, "and the results are really swell."

The personnel of Temple's band is well known on the Lawrence campus. The lovely Eunice Lang is the songster with the Temple outfit. "Red" Johnson does the novelties, and Mert La Vahn is the popular crooner.

The Social Committee and the ball committee of the Interfraternity Council includes Donald Schalk, Donald MacDonald, Edward Fritz, Curt Scheunemann, Arthur Kroos, Irving Sloan, and Marshall Alston.

Tickets at one dollar per couple are now on sale at all fraternity houses. They will also be sold at the door. Proceeds from the carnival will go toward paying for the expenses of the delegates to the national Interfraternity Council convention held last fall in New York. In case these expenses are not met, the fraternities will have to split the difference.

Busses will leave Ormsby at nine o'clock, making stops at Peabody and Sage, and will leave the gymnasium after the dance. This transportation is free.

Tonight the second event of All Greek Week will feature Mrs. Joseph Hubbard, president of Alpha Delta Pi, will address the Hellenes at Ormsby after a buffet supper. Mr. Hackett started events Wednesday with his address on fraternities.

ETA SIGMA PHI

Eta Sigma Phi, honorary classical language fraternity, held a meeting on Wednesday evening, March 10, at Hamar House. After the business meeting, Ottilie Bueger gave a short talk on sources of tragedy in revenge plays, drawing upon plays by Aeschylus, Euripides, Shakespeare, and O'Neill for illustrations. An informal discussion concluded the meeting.

He that observeth the wind shall not Sow;
And he that regardeth the clouds shall not Reap;
And he that attendeth a frolic need Not Study!

Tonight 10 cents 8-9

Grace Cooley Is Elected 1938 Ariel Editor; Tom Jacobs Business Manager

Robert Isely Is Chosen As Staff Photographer

Heading next year's Ariel will be Delta Gamma's Grace Cooley, a junior, who was elected editor at the Ariel Board of Control meeting last Monday. Optimistic Thomas Jacobs was placed in charge of the Ariel finances for the ensuing year. "Rasling Robert" Isely will struggle with the camera and his subjects as staff photographer.

Editor-elect Grace Cooley, a transfer from Lyons Township Junior College, LaGrange, Illinois, has been the mid-year assistant of the Ariel. Miss Cooley, also a member of the French Club and Sage's social chairman, succeeds Kappa Alpha Theta's Mildred Gaenge as editor.

Jacobs Business Manager

Business manager Tom Jacobs, a sophomore and a member of Delta Tau Delta, is a newly-elected member of the Executive Committee and Brokaw Hall's social chairman. Last year Tommy received his freshman numerals in football, and he also was awarded the Dean's Cup. He succeeds Delta Tau Delta's Robert O'Boyle.

Robert Isely, Sigma Phi Epsilon's mat-man and wrestling coach, previous to his election was a member of the photography staff of the Ariel. He is also a new member of the Executive Committee, and he follows Russell Ingraham also a Sig Ep, into office.

Qualifications for Positions

The qualifications for the positions were experience, particularly on the Ariel, the interest in that kind of work, good scholarship, and general all-around ability.

The Ariel Board of Control is made up of Robert Arthur, president of the student body; Margaret Hendrickson, president of L. W. A.; Mildred Gaenge, Ariel editor; and chairman of the Board; Robert O'Boyle, Ariel business manager; and Russell Ingraham, the outgoing Ariel photographer. Dean J. S. Millis, Mr. Ralph J. Watts, secretary of the Board and Lawrence business manager, and Mr. Frank W. Clippinger, professor of English, complete the Board.

List Values of Fraternity Life

CONTINUED FROM PAGE 1

said Mr. Hackett in introducing Shakespeare to his audience. Several readings from Romeo and Juliet, Julius Caesar, and The Merchant of Venice, were given to bring out this point more clearly.

Qualifications For Position

A personnel manager of an important eastern concern has a list of qualifications that an applicant must meet, if he is to get the position. They include such things as physical fitness, mental fitness, and positive and negative traits of personality, such as tact, dependability, and quality and usage of voice.

Mr. Hackett was much impressed with the way the fraternities here were in accordance with each other and found there was very little advice he could give them. However, he did say that such "Don'ts" as "Don't throw mud back and forth," "Don't grow too large," "Don't cater toward just one kind of individual," and "Don't indulge in Hell Week," would be good advice for any fraternity.

Use of Voice

There is nothing so important as to know how to use one's voice in a young man's life if he is to get anywhere. To know how to handle one's voice and to clearly express oneself is an open sesame to success, continued Mr. Hackett.

In closing he again reiterated the inestimable value of the fraternity in developing an individual to his greatest possibilities.

Next Week's Chapel

Monday: Mr. Francis W. Proctor will play the organ.

Wednesday: Konrad Tucascherer, Evelyn Mertins, and Wesley Perschacker will present "The Cooperative Movement."

Friday: Major Frank U. McCoskrie of the U. S. Army will speak on his experiences in a CCC camp.

Hamar House Gone Platonic Is the Story; Dummies Play Ouija

Hamar House is customarily unlocked, but the Open House there this Sunday afternoon from 3:30 to 5:00 P. M. indicates more than an unlatched door.

Open House is to be as dateless as a frolic, but it's your bridge instead of dancing that gets an airing. If your bridge, like most other people, is distinctly "rec" room style, take heart, because there'll be prizes only for normal and subnormal players.

Ouija boards, it's said by the experts, tell only half the truth, so there'll be two Ouija boards for the dummies to interrogate. If between them you can't find out when the next letter will arrive or what the questions on the quiz are to be, we're willing to vouch there'll be none, and then won't you be glad you came!

Chemical Society Hears About Clay

Dr. Marshall, Missouri U. Professor, Speaks on Chemistry of Clay

Dr. C. E. Marshall, visiting associate professor of soils at the University of Missouri, Columbia, Mo., spoke at a meeting of the North-east Wisconsin section of the American Chemical Society Wednesday night at the Institute of Paper Chemistry. His subject was "The Constitution and Reactions of Clays."

Dr. Marshall received his B. S. with honors at the University of Manchester, Eng., in 1924 and his M. S. in colloidal chemistry at Manchester in 1925. He did research work on soil humic matter at the Rothamsted Experimental Station from 1925 to 1927 for a Ph. D. at London University. In 1927 and 1928 he did research work in colloidal chemistry under the late Professor G. Wiegner of Zurich, Switzerland. In 1928 Dr. Marshall became assistant lecturer in agricultural chemistry at the University of Leeds, Eng. Since then he has done research work on the physical and chemical properties of clays. He published a textbook called "Colloids in Agriculture" in 1935, and in 1936 he secured his present position as visiting associate professor of soils at the University of Missouri.

Left-handed ping-pong playing and finger painting are means of curing stuttering used by the speech clinic of the University of Minnesota.

Troyer Discusses Early Journalism

Speaker Compares Former Publications With Modern Newspaper Style

Mr. H. W. Troyer assistant professor of English, spoke in Convocation Friday, March 5, on "Early Journalism," or "Where the Moderns Get Their Stuff." The early chapters of journalism, found in the old newspapers crumbling in the British Museum, are strikingly like modern products of journalism in spite of the idea that there has been great progress.

The "Father of the Modern Journalistic Feature," one John Dunton, was an eccentric, energetic rascal, also a cheat, a thief, and an imposter. People thought that he had maggots in his head because he always was going bankrupt in an attempt to make money. One of his projects, the "Athenian Gazette," later the "Athenian Mercury," was a weakly and later a bi-weekly newspaper which appeared for six years on the question-and-answer basis.

"The Athenian Mercury" was a case of the inquiring reporter turned around. The people wrote in and asked questions on all sorts of subjects and John Dunton, John Wesley, and Matthew Salt (who added his own bit of seasoning) answered these questions as best they could according to the popular superstitions and conventional puritan point of view of the day. These questions were on love, and marriage, courtship, and tipulation (giggles), witches, perpetual motion, and most anything else. One question which Mr. Troyer thought was especially good for the Lawrence student was "What will make persons wakeful who are given to sleep?" The answer in the old newspaper was to drink coffee. Another question, "Should women be learned?" was answered in the negative. College puffeth up the mind, and makes the woman prouder and more insupportable. The learned ones get good opinions of themselves, and lack in the obedience for which they are designed.

Mr. Troyer, because he said that all Convocation speeches must have morals, presented three. The first was that even in those days the growing populace wanted to know and had remarkable open minds. The second was the idea that the college student is Dunton's reader, asking questions, and the third was that the faculty could be compared to Dunton, answering the questions. But after six years of answering questions, Poor John Dunton went insane.

Players to Give O'Neill's Comedy 'Ah, Wilderness'

Present Final Offering of Season at Chapel on March 18, 19

When the Lawrence Chapel opens its doors on the evenings of March 18 and 19 for the final offering of the current stage season, local devotees of the modern drama are expected to react in a pleasurable manner to "Ah! Wilderness," the only comic effort of America's greatest playwright, Eugene O'Neill. The play came out on Broadway in 1933, starring George M. Cohen, and the Manhattan critics who think of themselves as being pretty worldly-wise hardly knew what to do when the curtain went up and revealed the commonplace interior of a small-town American home in the early twenties. Knowing O'Neill, they had come to expect a conglomeration of Hoodoo magic, hairy apes, and chanted antiphonies, and that was very much to their liking, since it was something new and different, and they could either boil with rage or revel in ecstasy.

Typical American But the parlour table with the

marble top, the Evening Globe, one son getting big ideas in high school, another home from Eli, and the ubiquitous drink-ridden relative were realities to which no American with regular antecedents could add or detract. And it was a good sign when the critics burst out unanimously with a rash of homesickness and agreed "how ineffable was the sweetness of everyday life. . . . how lovely and so compelling the blending, that one of us left the playhouse filled to the throat, while another found it paradise enough."

The play, in brief, is strictly American and regular. It ought to go over in Appleton in a big way. The students will recall how not so long ago they were telling the old man where to get off at, while the loyal citizens who support the local school board might worry not quite so much and hark back to their own wild oats.

Volkert Reports Progress Director Eric Volkert reports of the local production that everything looks too good to be true, only that Holmes is finally getting the tune of Sweet Bye and Bye, and they may have to switch hymns at the last moment in order to keep off key. Bill has really a fine voice, and it is too bad to make him sing like that in public.

Remember, tickets are now on sale, seats are being reserved at Bellings. Bring your All College Club ticket.

The Smart Dresser

has in his wardrobe a sports coat of snappy design and smartly styled.

He finds such a coat ideal for so many occasions where no other coat would quite fit in and fill the bill.

He finds, too, that he has, here, in our splendid assortment a greater and more varied number to choose from.

He finds that our coats fit perfectly and have that smart drape so desirable for that "just right" appearance.

SPORT COATS
\$11.50 to \$16.50

Fraternities, Sororities Parade Initiates and Newly Elected Officers

All manner and shape of persons strutted by the reviewing stand of ye social whirl this week. First, it was the last round-up of worms. Then came two dark, sinister looking individuals, slinking along, gun in hand, and one of them with a razor-edged knife held in his teeth and with rings in his nose and ears, both with caps pulled low over their evil countenances; apache and thug were they. Close on their heels followed a kindred spirit with some more spirits on his hip, fresh from the bar. (He warn't no lawyer either!)

Then, as if to relieve the gloomy atmosphere created by the appearance of this first group, a joyous band of satyrs, nymphs, muses, and handsome Apollos, also Cupids with bows, tripped upon the stage—Greeks were they, and ruled the day, or the week, to be more exact. What a parade!

Initiations

Delta Tau Delta initiated six members on Friday, March 5. The new actives are Howard Lehner, Gerald Suszycki, Jack Nystrom, Winston Pengelly, Richard Hansen, and alumnus Walter H. Pagenkoph, of La Grange.

There are now seven new members of Beta Theta Pi on the campus. Edwin Bayley, Robert Leverenz, Howard O'Donnell, Sidney Ottman, Robert Derrickson, Edward Marcellus, and Robert Wilson were initiated Sunday morning, March 7, at 7:30 A. M. After breakfast the entire chapter went to church. The initiation banquet was held Sunday at one o'clock at which time Mr. F. W. Clippinger spoke to the new actives. Harold Helterhoff presented an award of \$25 to Robert Derrickson, the pledge maintaining the highest average, and Donald Schalk concluded the program with a toast to the recently initiated members.

Fraternity Elections

On Monday night, March 8, Sigma Phi Epsilon elected new officers to be installed next week. Perry Peterson was elected president; Robert Isely, vice president; Karl Cast, secretary; Clarence Sheldon, comptroller; Arthur Tichenor, historian; William Guyer and John Bodilly, marshals; Robert De Long, guard.

Beta Theta Pi's new officers include: Dan Murphy, president; Robert Mott, vice president; Charles Thompson, secretary; Charles Schuess, treasurer and house-manager; Charles Bannison, recorder; and George Verbeck, alumni secretary.

Weekend Parties

The Delta Sig gangster party was interrupted last Saturday night when machine-gun fire put the automatic music of "Joe Record" or the blink. After the attacking felons were routed in defeat, "Gun Shoe" Bartella came to the rescue by holding the needle down with one of his heavy paws. (Jane held the other one.)

All guests were finger-printed as they came in, thus giving the management material for future reference. Most of the molls looked like pretty good stuff. "Slippery fingers" Tinker removed all gats and knives for the evening, although he was pushed to his utmost to find receptacles to hold them all.

The party was chaperoned by Mr. Kenneth A. Craig and Mr. and Mrs.

Frederick W. Trezise. Mother McVey was also there to see that things ran smoothly. The evening was closed with a lusty rendition of the Delta Sig song as only the boys from the upper dive can sing it.

The Phi Tau's are tired but happy this week after Saturday's very successful tenth annual Apache Brawl. Phi Tau's John Tesovnik has been in exceptionally good spirits this week. Is something in the wind, John?

Phi Delt Dog-House

A party was held at the Phi Delt house last Saturday night, March 5. The occasion was the thirty-seventh annual bar party, which was attended by 150 persons. Dr. and Mrs. David M. Delo and Mr. and Mrs. Donald DuShane were chaperones.

As the guests entered the house they saw first a huge bottle on which was written "Frat '69." In other rooms they saw Petty drawings and balloons, and in the basement they found a bar-room, and, believe it or not, a real German band led by Jim Johnson. Root-beer, cold meats, cheese and other appropriate foods were served at candle-lit tables.

In the senior "blue-room" fortune telling was carried on. At eleven

o'clock, dancers from Beverly Breinig's school offered several numbers as a floor show.

Before the guests left, novelty dog-houses were given to the fellows and whips to the girls. (They ought to be able to control their men now.)

Initiations and Banquets

On Saturday afternoon Kappa Alpha Theta initiated the following girls into the chapter: Mary and Betty White, Mary Young, Barbara Rounds, Katharine Kendrick, Kathryn Moore, Florence Johnson, Sally Johnson, Betty Ann Johnson, Janet Weber, Virginia Helz, Avonette Milton, Marion Probeck, Evelyn Marggraff, Jaenne Ross, Charlotte Fox, and Florette Zuehlke.

After the initiation a banquet was held at the Conway Hotel in honor of the new initiates. Mrs. E. Baker of Appleton, Marian Humlek, and Barbara Rounds were speakers, and Mary Thompson acted as toast-mistress.

More Initiates

Delta Gamma sorority initiated on Sunday afternoon Marian Christofferson, Marjorie Iffert, Ella Mae Pierce, Rosemary Mull, Dorothy and Harriet Houck, Maureen May, Jean Temple, Eileen Eidamiller, Susan Jones, Ruthellen Pelton, Grace Strong, Geraldine Seitz, Geraldine Schmidt, Ellen Driscoll, Helen Pedley, Betty Cochrane, and Dorothy Martin.

A banquet was held in honor of the new members at the Hearthstone tea room on Sunday at 6:30 p. m.

Founders' Day Banquet

The Delta Gammas will celebrate at the Conway Hotel tomorrow evening at a Founder's Day Banquet. Betty Nichols, Grace Strong, Margaret Hendrickson, and Margaret

'S Too Bad We Can't All Come From Pat or Mike

Geneva Group to Hold Palm Sunday Service

A Palm Sunday religious service beginning at 8 A. M. at the Chapel will be sponsored by the Geneva Committee May 2, 1937. Reverend Robert K. Bell of the Presbyterian church will be the speaker.

Mercer are the speakers of the evening.

Kappa Delta Initiates

Last Sunday afternoon at two o'clock the Kappa Deltas initiated Jane Houts, Ruth Hanna, Alyce De Long, Margaret Pfefferle and Irene Larson at the Pan Hellenic Hall. The initiation banquet was held at the Hearthstone at 6:30 p. m. Mrs. F. Flannagan presented the pledge ring to Jane Houts. The president of the alumnae, Mrs. L. Hauert was also present.

Sorority Parties, Teas

The new actives and pledges of Kappa Alpha Theta will give a party for the rest of the chapter on Monday evening at the home of Mrs. Stevens Rosebush. Mary Young is the chairman of the party.

On Sunday afternoon the Alpha Chis will give a tea at the rooms. Betty Jane Capps is the chairman. The Alpha Delta Pis are having a tea at the rooms on Sunday afternoon. The chairman is Betty Biety.

Never was there an honest-to-Al-lah Kerry, Cork or Donegal County man who wouldn't knock the chip off his own shoulder for a scrap. Were the history of shadow-boxing looked into, we'd put the odds at 20-1 that it could be traced to some McGillicuddy playing games on the surface of Killarney. What portion of the Celtic charm isn't due to their temperamentalism and brogue might go to their militant pugnacity.

In the days when the new world was being populated, the Irish were having enough fun with the Redcoats not to need the redskins for diversion, so America hasn't all the Irish it could ask to lighten its Teuton-Slavic-Irish loaf. And we share in our country's misfortune just three Mc's and no O's on the faculty; six Mc's and two O's among you, noble students.

But if you can't be Irish, take a lesson from the Irish, and that doesn't mean enroll in their courses. You women who are afraid of mice and centipedes, take a squint at St. Pat. He was reduced to harrassing snakes, but he did an immortally good job of it. And you men, well, gentlemen, anyhow—cast a glance in the same direction! St. Pat wasn't of the breed that'll be subjected to dictators, nor would they be terrified of a football.

It would take a lot more than a "Gentlemen, be seated," to park a cheering section on the Emerald Isle, and a lot more than a winning score to have 'em on their feet!

Carleton Takes Midwest Title; Lawrence Fourth

Knox Cagers Edge Out Monmouth Five for Second Position

FINAL STANDINGS:

	W.	L.	Pts.	Pct.	O.P.
Carleton	8	0	1,000	250	198
Knox	7	3	700	368	317
Monmouth	5	4	556	273	251
LAWRENCE	5	5	500	274	284
Coe	4	6	400	321	302
Beloit	3	6	333	247	291
Ripon	3	6	333	277	302
Cornell	2	7	245	280	320

Last Week's Games:
Carroll 33 Ripon 30 (non-conf.)
Knox 34, Coe 28.
LAWRENCE 40, Beloit 22.
Knox 49, Cornell 43.

The sizzling Mid-West race drew to a close last week with Knox finally edging out Monmouth for second place with a double win out in Iowa. Tripping Coe by 6 points last Friday, Knox moved over to Cornell on Saturday night where they handed the tail-end Purple Club a 49-43 defeat. The Siwashers were faced by Clemmer and Trevor in their mix-ups.

Lawrence Takes Fourth
The Vikings from Appleton, in eighth place for more than half of the season, won the last four consecutive Conference games topping off the list with a 40-22 whipping of Beloit and finishing fourth. The Gold have proved themselves to be a well coached club throughout the whole season, but the Blue and White were just a little too hot Saturday, and the Beloit outfit vied with Ripon for a sixth place tie.

Coe slipped in between, missing fifth position by virtue of Knox's win last Friday. Cornell, 1935-36 winners, landed in last place with only two victories to show. The Purple whipped Knox early in the year, 27-23, before the Siwashers had begun their sudden rise to second place and also stopped Coe, 30-28 a couple of days later.

1937-38 to be Close
It's a bit early for predictions in the race for 1937, but Carleton, Knox, Lawrence, and Beloit are my favorites. Coe and Monmouth will have to pull some new men out of the fire to compensate for aces like McKinley, Kammer, Taylor, Lusk and other seniors. Ripon and Cornell are pretty unpopular with the pre-dopers but, like Monmouth this season, they may prove to be a dark horse.

Delts Take First In Handball Race

Sig Eps are Runners-Up; Lead in Total Scores To Date

The Interfraternity handball schedule has just been completed with Delta Tau Delta taking first place honors by winning all matches against every fraternity except the runner-up Sigma Phi Epsilon team.

Kenneth Walker and David Walling were the star performers for the winning team, while they received excellent support from Fred Leech, Wayne Cochran, and Thomas Jacobs. These five men compose the winning quintet.

The Delts won 22 games out of a possible 25, and the Sig Eps 17 out of 25. Phi Delta Theta third with 15; Phi Kappa Tau fourth with 12; Beta Theta Pi fifth with 5, and the

Johnson's Bowling Team Leads Girls' All College Race

Pushing out Betty Morrison's team, the team captained by Edith Johnson finished in first place last week in the competition of the All College bowling tournament.

The bowlers were divided into six teams, and each player was required to participate in two games. To find the total for each team, the individual scores were added together.

The girls having the highest scores were Elinor Towne, 279; Betty Morrison, 257; Marjorie Wilson, 252; Gladys Held, 231; and Helen Pedley and Janet Lewis both with scores of 220.

Team standings are:
1. Edith Johnson 1095
2. Betty Morrison 1052
3. Mary Young 973
4. Gladys Held 955
5. Grada De More 780
6. Harriet Houck 761

Vikes Again Act As Midwest Hosts In Swimming Meet

Carleton, Lawrence, Beloit, Monmouth, Knox Will Attend

The second annual swimming meet of the Midwest college conference will be held Saturday afternoon, March 13, at the Alexander gymnasium. The Vikes also were hosts to the event last year. The four college which entered teams in last year's meet—Carleton, Lawrence, Beloit, and Monmouth—again will be entered together with Knox.

Carleton, whose tankers have held top place among Midwest colleges in recent years, looms as a strong contender for the 1937 honors. This season the Maize squad, led by Dick Garbisch, has defeated Lawrence and St. Olaf colleges twice each, and Grinnell and Mac Alester once. They have lost to the Universities of Nebraska and Minnesota, and to Iowa State. Lawrence, although not especially strong this year in the swimming events, stands out in the fancy diving competition with big Ken Westberg as the star performer.

Beloit is expected to show strength with several veterans. Judson Fuller took second in the 100 yard back stroke in last year's meet, and Herbert Krauss placed in the 100 yard breast stroke. Knox college will probably send a relay team and several sprint men this year.

The events will be 200 yard free style relay; 100 yard breast stroke; 50 yard free style; 200 yard free style; 100 yard back stroke; 100 yard free style; fancy diving; 150 yard medley relay.

The men representing Lawrence tomorrow in the mid-west swimming meet will be: Ken Westberg, Hampton Purdy, Bob Arthur, Bill Holmes, Jack Sexsmith, Bob Van Ostrand, Tom Gettleman.

Delta Sigma Taus last with 4 games won.

Interfraternity standings to date:
1. Sigma Phi Epsilon 700
2. Delta Tau Delta 675
3. Phi Delta Theta 600
4. Beta Theta Pi 375
5. Delta Sigma Tau 320
6. Phi Kappa Tau 140

This schedule includes points for golf, football, volley ball, and handball. Tennis and basketball are yet to be completed.

Vikes Whip Gold 40-22 in Final Game of Season

Osen High With Eleven Points; Straubel Garners Ten

Lawrence College proved its superiority over the gold-clad Beloit cagers in a 40-22 win at the Alexander Arms last Saturday night. After making a fast start, the south-erners faltered and were never in the ball game after the first quarter.

Lawrence stars of the evening were the two departing senior regulars, Clifford Osen and James Straubel, which is just as it should be. Ole scored eleven points, and Jim accounted for ten. The other Viking points were divided among Burton, with seven, Faleide, with six, Kapp, with four, and Bennetts, with two. The other departing senior, Harold Helterhoff, started the game at a guard position. He saw considerable action and did right well, but the superior speed of Norman Faleide was needed in the battle, and in he went to aid the Vikings in the much desired victory. All three of these seniors will be missed on the court next year, for each played a distinctive role in the success and development of the Vikings' squad.

Brown Leads Beloit
The Beloiters were led by "Jumbo" Brown, who accounted for eight points. Kapp and Burton were successful in holding Tamulis, the center who was their nemesis at Beloit, to only two baskets.

Kapp started the Vikings off on the right foot when he tallied a pair of buckets in the first two minutes. A Beloit spurt brought them into an early lead and they attained an 8 to 4 margin within a few minutes. A few driving plays with Faleide and Straubel on the receiving end netted a pair of successful buckets to elevate the Vikes' score. Tamulis counted, and Brown followed for the Beloiters. Shortly afterward the Vikes forged ahead, never to be tied again by the Gold. Half time found the Vikes in front by a 22 to 13 margin, with Osen and Straubel leading the way.

Lawrence Superior
Lawrence controlled the ball for all but a few final minutes of the second half and romped in to score

Lawrence Men's Club To Hold Banquet for Viking Cage Squad

The Fox River Valley Lawrence Men's Club will hold a banquet for the Lawrence basketball squad on Tuesday, March 23, at the Conway Hotel at 6:15 P. M.

Letters will be awarded to the basketball squad, and numerals to the freshmen. President T. N. Barrows, who is to be the principal speaker, will talk on "The Place of Athletics in the College Program." Coach Arthur C. Denney and Dean John S. Millis will also speak. Guests will be outstanding high school senior athletes from the Fox River Valley.

Tickets may be purchased at Johnston's Book Store at 75 cents a plate. Reservations, the deadline for which is Monday, March 22, may be made at the College alumni office.

Interfraternity swimming meet has been changed to March 16 at 7:00 P. M.

Interfraternity games in basketball for March 13 are postponed to a later date.

Interfraternity track meet will be held April 17.

point after point on fast breaks. They held the Gold scoreless for a large part of the fourth quarter, and it was within the last few minutes that Beloit made enough points to elevate their score to a respectable degree. During this time the Vikes confined their scoring to a single free throw while Beloit made five points. The game ended with all but the sizeable delegation of southerners happy, and thus ended a season which found the Vikes breaking even in the Mid-West with five wins and five losses.

The nucleus which should be left for next year's team includes Clifford Burton and Harold Jackson, both very capable forwards; Junior Kapp and George Bennetts, fraternity brothers and rival centers; and Norman Faleide, guard. Other promising men are John Hastings, forward, and Charles Scheuss and Jack Crawford, guards. The freshmen must remain for the present as an X quantity, for only time and the class book will tell their fate.

Vike Wrestlers Take Mythical State Pennant

Mat Men Defeat Milwaukee State Teachers and Beloit

With the win over Beloit on Saturday, Lawrence wrestlers found themselves in possession of the theoretical state championship.

Although Lawrence mat men only met two of the state schools, Milwaukee State Teachers and Beloit, invitations were sent to Carroll and Ripon, both of whom refused the opportunity.

With virtually no support, either financial or moral, the Lawrence wrestlers have been undefeated in the last three years. For next year, an attempt is to be made to provide the team with some well-earned trips.

Wrestling as a varsity college sport has gained equal status with basketball, track, and football in the East, and bids fair to occupy a similar status in Midwestern colleges and universities.

125-pound class—Brannon, Beloit, defeated Dupont of Lawrence, time advantage, 5 minutes and 6 seconds.

135-pound class—Perschbacher, Lawrence, won on default.

145-pound class—Allen, Lawrence, defeated Graesser of Beloit, fall, 4 minutes and 20 seconds.

155-pound class—Isely, Lawrence, defeated Loughborough of Beloit, fall, 6 minutes and 47 seconds.

165-pound class—Lillegren, Beloit, defeated Bridges, Lawrence, in decision.

165-pound exhibition match—Carnecross, Beloit, threw Galko, Lawrence, fall, 2 minutes and 37 seconds.

175-pound class—Gerlach, Lawrence, defeated Plinske, Beloit.

Heavyweight—Osborn, Lawrence, threw Oberg, Beloit, fall, 4 minutes and 15 seconds.

Fabrics With Individuality in

YEARCRAFT SUITS

Celer and pattern are the highlights of our Spring YEARCRAFT suits. The fabric designers have created bold ideas—which means bold plaids, bold stripes and other changes from the timid patterns of previous seasons. You'll find yourself in the company of other smartly dressed men when you don your new YEARCRAFT suit. * Skillfully tailored by master craftsmen. Lord Pepperell lined.

Saturday afternoon the Phi Delta "Bonecrushers" lived up to their victory quest by trouncing the Delta "Hungry Five" to the tune of 22-14. The "Bone Crushers" showed their real power by putting in their huskies, Charles Gerlach, Robert Arthur, William Holmes, Martin Bridges, and Kenneth Westberg after the regulars had built up a lead of 11-3 in the first half against the Deltas. The game was scrappy with many fouls being called but the sharpshooting "Bone Crushers" couldn't be stopped by the "Hungry Five."

Phi Delta—Beta
On Tuesday night the Phi Delta "Bone Crushers" thoroughly whitewashed the Beta "Bouncers" to the score of 42-8. The "Bone Crushers" rolled up a lead of twenty points before their rubs gave the "Bouncers" their first points. The Phis substituted frequently, and they scored almost at will against the "Bouncers."

Carls Dominate Mid-West Race; Take 8 Pennants

Vikings Have Won Title
Alone Once and Tied
Once in 15 Years

For fifteen years the Mid-West Conference, with a few exceptions, has been intact. Carleton has so dominated the league as to carry off eight single championships and one split crown. The Carls won six years in succession from 1928 to 1933 before their monopoly was finally ruptured by a powerful Knox quint in 1934. The Vikings took the crown in 1925 single-handed and in 1926 tied with Cornell for first place. Two clubs, Monmouth and Ripon, have never captured the top place, while Knox and Coe have won only once.

James Millikin and Hamlin were regular members of the conference up to 1925. Millikin was dropped in 1925 and Hamlin in 1928. Monmouth came in shortly after, boasting one of the newest and largest gyms in the league. Lawrence at that time was a member of the Wisconsin-Illinois Conference with Beloit, Carroll, Ripon, and Lake Forest.

The fifteen years of Mid-West basketball show the following results.

1937 Carleton	1937 Cornell
1936 Carleton	1936 Cornell
1935 Carleton	1935 Carleton
1934 Knox	1934 Knox
1933 Carleton	1933 Carleton
1932 Carleton	1932 Carleton
1931 Carleton	1931 Carleton
1930 Carleton	1930 Carleton
1929 Carleton	1929 Carleton
1928 Carleton	1928 Carleton
1927 Coe-Carleton	1927 Coe-Carleton
1926 Lawrence-Cornell	1926 Lawrence-Cornell
1925 Lawrence	1925 Lawrence
1924 Beloit	1924 Beloit

Thetas Overwhelm Kappa Delta, 48-6

Marion Humleker Is High
Scorer in One-Sided
Cage Game

A smooth-working Kappa Alpha Theta team overwhelmed the Kappa Deltas by a lopsided score of 48-6 last Wednesday afternoon in the Inter-sorority basketball tournament.

The Thetas showed much spirit and were quick to intercept the long passes attempted by the Kappa Deltas. Marion Humleker chalked up sixteen points for the Thetas, while Jean Lewis sank several baskets in succession during the last half. The game was an easy walk-away for the Thetas making possible the use of many substitutes. Skill at slipping the ball through the basket and clever maneuvers at keeping the ball in their possession were the reasons for the Theta's victory.

Frosh Cage Squad Defeats All-Stars

Freshmen Again Beat All-
Fraternity Team by
Score of 23-20

Saturday night as an opener to the Lawrence-Beloit game, the freshman squad coached by Mr. Paul Derr beat the All-star team which is composed of different members of the fraternity squads by the score of 23 to 20. At the half time period the frosh built up a lead of 11 to 3, and though the All-stars put up a scrappy fight for the lead by raising the score to 18 to 17, they couldn't overcome the first half's lead.

Viking Swim Team Drops Meet With Beloit 52 to 20

Lawrence College swimmers dropped a meet with Beloit College, 52 to 20, here last Saturday afternoon in a minor sports program at Alexander Gymnasium.

The results of the swimming meet:

200-yard free style relay—Beloit first, Lawrence second. Time—1:44.4.

100-yard breast stroke—Krause, Beloit, first; Loughborough, Beloit second. Time—1:22.2.

50-yard free style—Teifer, Beloit, first; Reynolds, Beloit, second; Holmes, Lawrence, third. Time—28.9.

220-yard free style—Clark, Beloit, first; Fuller, Beloit, second; Gettelman, Lawrence, third. Time—2:50.6.

100-yard back stroke—Westberg, Lawrence first; McGuire, Beloit second; Loughborough, Beloit, third. Time—1:10.3.

100-yard free style—Fuller, Beloit, first; Reynolds, Beloit, second; Gettelman, Lawrence, third. Time—1:05.8.

Diving—Westberg, Lawrence (94.40) Grosscup, Beloit (91.25); Clark, Beloit (80-65).

150-yard medley relay—Beloit, first; Lawrence second.

Delta Gamma Cage Team Takes Zetas

Alpha Chi's Defeat Alpha
Delta Pi's; Thetas
Tip Independents

In the first game of the inter-sorority basketball tournament, the Delta Gammas easily defeated the Zetas, 21-4, on Wednesday, March 3. Maureen May and Helen Sethness were high scorers with four baskets each. Lois Hutchinson, the sole scorer for the Zetas, sank two buckets.

The second game played Thursday, March 4, by the Alpha Chis and Alpha Delta Pis was more lively than the first game. Led by Betty Morrison, who made twelve points, the Alpha Deltas were easily victorious making the final score 31 to 14 in their favor. Ruth Ragland sank five buckets and Alice Holloway four. The close guarding of June Mauland, Janice Newell, and Adine Clare kept the Alpha Chis from doing their best. Vivian Steger added six points to the Alpha Chi's score, and Lois Caverly added four points.

The Thetas walloped the Independents by the overwhelming score of 48-5. Handicapped in the first half by a lack of one player, the Independents failed to sink a basket. But in the second half when the Thetas took out one of their players, the Independents gained

Carroll Takes Mythical State Basketball Title

Sports Staff Puts Burton,
Straubel on All-State
First Team

Carroll captured the mythical as well as mythical State Crown by virtue of its 33-30 win over Ripon last week. The League is claimed to be a "sportswriters baby" for actually it doesn't exist at present. By 1938-39, however, the good old State Conference may be in positive existence.

The results are as follows:

	w.	l.	Pct.
Carroll	3	1	.750
LAWRENCE	4	2	.667
Ripon	2	4	.333
Beloit	1	3	.250

The Lawrentian sports staff has chosen the following as All-State teams:

1st. team	2nd team
Burton (C)	B. Knoblauch,
Lawrence	F. Carroll
Brown, Beloit	F. Osen
J. Knoblauch,	Lawrence
Carroll*	C. Radke, Ripon
Straubel,	Beggs, Carroll
Lawrence	G. Faleide
Barnes, Carroll	G. Lawrence
Honorable mention: Tamulis, Be-	
loit; Kreich, Ripon; Lyle, Ripon;	
Pauler, Carroll.	

*Played first semester only.

Galpin's Parents are Former Laurentians

Mr. Alfred Galpin, instructor in French, has the distinction of being Lawrence's only professor whose parents were both Lawrence students. His father attended Lawrence Academy for two years and entered Lawrence University in 1859; his mother entered the Academy in 1873. Mr. Galpin entered as a freshman at Lawrence just sixty years after his father.

When the Civil war was declared, his father entered and served for four years. Mr. Galpin has many letters which his father wrote home during this time. In one of them he tells that he was the sole survivor in his company at the battle of Chattanooga.

five points. Margaret Winn sank a field goal and a free shot. Peg Kraemer added the other two points. Jean Doerr made a total of 26 points for the Thetas, and Marian Humleker made eighteen points. The close guarding of Kathryn Moore, Barbara Rounds, Ann Shattuck and Betty White for the Thetas accounted for the difference in the final score.

Jessica McDonald Speaks on Poetry

Lawrence Honor Graduate Discusses Twentieth Century Contemporary Poetry

Jessica North McDonald, associate editor of Poetry Magazine, and graduate of Lawrence College in 1917 summa cum laude, spoke in Convocation Wednesday, March 10, on the subject "Contemporary Poetry of the Twentieth Century." Lawrence is family tradition with Mrs. McDonald, her father and mother having met here in 1885, and her grandfather having sent all six of his sons here at once. Mrs. McDonald was a member of Alpha Delta Pi sorority here.

Jessica North McDonald traced the development of poetry from the time of the travelling poet with his harp on his back to the present trends in poetry. Homer's Iliad and Odyssey were products of these travelling poets. However, the poets did not like to be dependent on the audience, and decided to make poetry to suit themselves. Dionysius of Halicarnassus, a Greek historian and critic, wrote a book on lyric poetry, "The Arrangement of Words." Aristotle declared that a poet must have imagination and a sense of form and be a good inventor.

Poetry has always become popular in cycles. In 1912 the cycle of poetry of sound began. Masfield, Monroe, Masters, and Lowell were four fertile poets representing this cycle. Poetry Magazine was founded in 1912 by Harriet Monroe to represent all fields of poetry. Mrs. McDonald told of the "Squeeze" school of poetry that whittled everything down to a few words. One poem representing this school was a page with only two words on it—"Oh, Moon!" Modern poetry may be divided into two groups, the Fascist—patriotic, and dealing with anything about America; and Communist—poetry written for the proletariat. At present there is a hiatus—a breathless waiting to see what kind of poetry will take the foreground, next. Mrs. McDonald read several of her own poems, "Ambush," "Advice to Young Lovers," and "Truth."

Sport Shorts

The all Mid-West basketball team is rather a dormant outfit—choices over the past few seasons have been purely local, i. e. chosen by coaches or sometimes by a single college sports editor in a hit-or-miss fashion. If in some way, the selection of such a team can be accomplished, the results, I am positive, would justly compensate for the time spent by each conference coach in selection. He might be aided by the boys on his team, the sports-writer, and possibly by the local sports editor. The resulting selections could be mailed to a different school every year for formal analysis, and by the usual majority system the two teams, first and second, could then be sent to each college on a date close to the college paper's day of publication.

Cooperation would be the vital and determining factor, but with such healthy and friendly contributors as Eli Henry of Beloit, Jim George of Coe, Don O'Brien of Ripon and Don Trevor of Knox, maybe Carleton, Cornell and Monmouth can help out sports writers who are anxious to see such teams chosen and just as anxious to purport their own choice.

Speaking of choices, I can't see how forwards Ned Sparks of Carleton and Cliff Burton of Lawrence can be excluded from the first choice club; Bud Kammer of Coe ought to be shoved in at center, while Scoop Birkhahn and Hub Taylor of Cornell and Monmouth respectively are as sweet a pair of ball players as the Conference can boast. To include Taylor, we had to move him from forward to guard, Clemmer and Swanson of Knox, at forward and guard are worthy of the second club—maybe a spot on the first team. Jackson and McKinley, forwards, of Carleton and Coe might be named as second team possibilities. At center Schanks of Monmouth or sophomore Tomulis of Beloit may be called. Radtke of

Text of Proposed Amendments To Lawrentian Constitution

Proposed Amendments to the Constitution of the Lawrentian Board of Control.

The Editorial Board.

1. The Editorial Board shall consist of the Editor-in-Chief, as chairman, and four upper-class students appointed by the Editor-in-Chief, with one member of the faculty of the College, chosen by the Editorial Board, as a member ex officio.
2. It shall be the duty of the Editorial Board to meet regularly to write and prepare for publication the editorials of the Lawrentian.
3. Responsibility for editorials and the editorial policy of the Lawrentian shall rest with the Editorial Board. Editorials shall represent the opinion of and have the sanction of a majority of the Board.

The Reportorial Staff.

1. The reportorial staff shall be under the direction of the Managing Editor, who shall be responsible to the Board of Control for the collection, writing, and editing of all copy except editorials and paid advertisements.
2. The Managing Editor shall establish whatever departments he deems advisable for the effective operation of his division and appoint departmental editors to direct the work of these departments.
3. Before any student may gain appointment to the reportorial staff and have his name displayed in the mast-head of the Lawrentian, he shall
 - a. Pass an examination on (1) the Lawrentian style-sheet; (2) the names, titles, and official duties of members of the administrative and teaching staffs of the College and the Conservatory; (3) the recognized student organizations and their officers, and
 - b. Demonstrate his ability to write an acceptable news story, and display a string of not less than 30 inches of copy already printed in the Lawrentian.

Ripon should get some consideration. But generally the loop is sort of devoid of star centers.

Prominent guards outside of Birkhahn and Taylor are Swanson of Knox, as I said before, Straubel and Faleide of Lawrence, both deserving of definite places, McLeod of Coe, Lyle of Ripon, and Larson of Carleton.

Such high point men as Frankie Linduska of Coe, Bill Thompson of Knox, Brown of Beloit, Cliff Osen of Lawrence and Cline of Cornell may be included in some selections. Carroll's 35-27 win over Lawrence last week was the Pioneers' twenty-first straight home victory. Jerry Barnes, at guard, finished a colorful sports record against Ripon Friday, Carroll won 33-30.

The forthcoming Beloit relay, an entirely new meet to be held down at Beloit Monday, will include most of the Mid-West schools, most of the state schools, and clubs like Lake Forest, North Central, Augustana, and several other out-of-state clubs. With the Vikes promising track team, a first place would not be impossible—and it would be a distinction.

Defensive and offensive records of the Conference show, per game:

	Avg. P.	Avg. O.P.
Carleton	31	24
Knox	36	31
Coe	32	30
Monmouth	30	28
Lawrence	27	28
Ripon	30	33
Beloit	27	32
Cornell	30	35

Sigma Alpha Iota To Give Musicales

Guest Soloists From Wisconsin Conservatory of Music to Appear

Xi chapter of Sigma Alpha Iota will present the following musicale on Sunday afternoon at four o'clock at Peabody Hall, Lawrence Conservatory of Music:

Celtic Sonata No. 3, First Movement MacDowell
Mary Elizabeth Hopfensperger
Pieta Senior Stradella
The Star Rogers
My Shadow Homer Samuels
Love is the Wind Mitchell
Carol Mortimer Huegel
Selections by the String Trio
Nebbie Respighi
Fa La Nana Bambin Sadoro
O ma lyre immortelle (Sappho) Gounod
Linden Lea Williams
Floods of Spring Rachmaninoff
Chopin Concerto, Last Movement Annette De Boer
Marie Hoebig
Miss Brainard, second piano.

The guest soloists, Mrs. Huegel and Miss De Boer, are from Sigma Epsilon chapter of Sigma Alpha Iota, Wisconsin Conservatory of Music, at Milwaukee.

The public is cordially invited to attend.

rent magazines. "International Diplomacy" will be published in "The American Foreign Service Journal," "Cornish Holiday" in "The Ocean Ferry," and "Time Allotted for Baolbek" in "The Spur."

Development and Early History of Electricity Told

Discussing the early history and recent developments in electrical research, Mr. F. Schubert, vice-president of the Wisconsin Michigan Power Company, spoke in chapel Monday morning.

Beginning with Benjamin Franklin's discovery of the nature of electricity and continuing to the more modern research, Mr. Schubert interspersed his speech with numerous demonstrations. One of the earlier carbon filament lamps was included in interesting display of electrical equipment. Explaining the adaptation of the electron tube to commercial uses he demonstrated the photoelectric tube and a burglar alarm. In conclusion he showed uses of the cathode ray tube, the mercury vapor lamp and the X-ray tube; and expressed his confidence in a productive future for electrical research.

Hubbard Speaks At Panhell Meet

Alpha Delta Pi National President Will Address Women

Tonight at the six o'clock Panhellenic buffet supper at Ormsby, guest speaker Mrs. Joseph B. Hubbard, national president of Alpha Delta Pi, will address the assembled Lawrence women on sorority problems as a feature of All Greek Week.

Directly after the supper at which Miss Marguerite Woodworth will be toastmistress, the girls will engage in a song fest. All non-sorority and town girls, who are interested, are invited to attend. The price of the tickets is 60 cents and they will be distributed through the sororities, Miss Rodda and Miss Watson.

Eudora Beadle is in charge of the supper. Guests, who have been invited are Mrs. George Banta, Jr., past national president of Kappa Alpha Theta; Miss Olga Achtenhagen, past national president of Kap-

Debating Teams Take Road Trips

Lois Hubin and Evelyn Mertins Go to Detroit

Friendly receptions extended by the colleges visited in Wisconsin, Illinois, and Michigan made debate trips pleasant for Lawrentians during the past week.

Lois Hubin and Evelyn Mertins with Mr. R. S. Mitchell, debate coach, are in Michigan at the present time. They debated the negative side of the issue on consumer's cooperatives at Albion College yesterday and are debating at Wayne University in Detroit today.

Carroll and Northwestern
Earlier in the week, another team made up of Grace Lightfoot, Marjorie Fulton, and Harriet Berger were entertained at Carroll College. They opposed negative Carroll debaters on three occasions on Monday and a fourth time on the following day on the question of cooperatives. After warming up at Carroll Miss Fulton and Miss Lightfoot went on to Chicago where they met a Northwestern negative team.

At the same time that these teams were away on trips, other debaters at home carried on the discussion of cooperatives. Tuesday six Lawrence students appeared before the Y. T. and F. Women's Club of Neenah. Members of these teams included Betty Johnson, Edith Geitmann, Konrad Tuchscherer, Wesley Perschbacher, Evelyn Mertins, and Lois Hubin.

Northern Teacher's College
Ruth Hanna and Marian Dettman opposed an affirmative team from Northern State Teacher's College here on Wednesday.

Plans for a joint trip to be made by Carroll and Lawrence men are underway at the present time. These teams will go to Gillette and Oconto Falls where they will speak before clubs and schools. Edward Arnold and Wesley Perschbacher are the Lawrence men to make the trip.

All Greek Week

Lawrence's first All-Greek Week will come to a close with tomorrow night's carnival. The success of this week will be judged partially on the financial success of the concessions. But its chief success will be judged by the results which accrue from bringing many fraternity and sorority problems into focus. The important task is then for Lawrence fraternities and sororities to realize their problems and to solve them.

It is to be remembered that the function and importance of the Greek-letter organizations in a college like Lawrence probably are just as much and in many cases more of an influence on the student than even the formal side of his education. It is with fraternity brothers and sorority sisters that much of the time is spent. How effective and worthwhile education is at Lawrence depends to a great extent on the fraternity groups. Just how, then, have Lawrence Greeks contributed to their members' educational experience?

In the last four years considerable strides have been made. This has come largely through two factors: first, the coming of three good national fraternities to the campus, and, secondly, the increased aid and interest of the College administration. This aid has taken the form of financial assistance to students wishing to join fraternities and of cooperation in bringing national fraternities to the campus. Advances have also been made in handing over as many cases of discipline as possible for action on the part of the fraternity officers. This handling of student discipline has made Lawrence's problem along these lines small indeed compared to most colleges.

The fraternity and sorority offer about the best opportunity on the campus for self-government. Responsibilities both as officers and members educate students in a way that no course in the curriculum can. These items on the credit side of the fraternity-sorority ledger represent real and worthwhile gains in making these organizations vital in an educational way, vital in a way campus academicians too often forget or are blind to, that is such a thing as education outside the classroom.

Yet there are fields which have not been ploughed. The problems which fraternity and sorority groups have yet to

solve even come close to considering seriously, are legion. Here is where we must turn our eyes. There is little use to face backward and pat ourselves on the back for the small beginnings we have made. Fraternal groups at Lawrence still think in too narrow a way. They are still interested too selfishly in their own groups for the good of their individual members. Too often the fraternal idols are but the old idols of the tribe and the market place hauled in from the local Rotary. To be like others, to be conventional, is the ideal, resulting in the failure to develop and encourage a healthy individualism.

Further, sororities especially are guilty of a clannishness which is quite immature. It does not quite coincide with the social training, so highly touted as an advantage of sorority membership.

These groups might well remember that education is something spreading far beyond the classroom and the text assignment. Extra-curricular interest in intellectual matters is almost not thought of. Why don't fraternities and sororities begin to think of it? Too often those interested in discussions of intellectual matters, from current affairs to art and music, are considered a queer race, and not the "fraternity" type. The "fraternity type" usually represents those sophomore minds who feel they must overcompensate for the books in huge doses of a superficial sort of social life. They would also say that scholastic effort is dangerous; a glance at the recent fraternity grades in another part of this issue indicates that this puerile idea of fraternalism has considerable following.

Then, too, when do the fraternities at Lawrence plan to grow up and abolish Hell week paddling? Again the sophomore mind, dominating the rank and file of almost all fraternities, still thinks that this latter builds "character." Well, why not substitute a week of probation with a view to teaching freshmen something, not only of fraternity, but also the campus and its activities? Barbarism in the "under orders" period does not "build" character. Instead it is demoralizing.

These are but a few of the problems Lawrence fraternities and sororities face. Let's face them frankly this week, and, more important, let's find ways and means to solve those problems in the weeks and years to come. It is time for the mature minds and the mature leaders to take more complete charge. Sound thinking and courageous leadership can advance the cause of the fraternity and sorority. Only through such a frank recognition of the difficulties before them, followed by a bold solution, can Greek letter fraternities advance and be significant in education.

GRIN AND BEAR IT

By Lohby

"—and you rush over wit' ten grand bail fer me, or I'll bump youse off too!"

Congratulations to the Basketball Team

To a team that jumped from eighth place in the Mid-West Conference to fourth in the last two and a half weeks of the season; to a Lawrence who handed Ripon two defeats in one season's play, the first time since 1931, and to a squad of Vikings who played five sweet home games before actually enthusiastic crowds—to the team itself and to Coach Art Denney—congratulations are in order.

The past couple of years we have seen good games on Alexander's court but those well played battles were as often not followed by "victories" as they were this season. Coach Denney has worked three sophomores into the spot where he can feel confident of them when they get into the game. Faleide, Bennetts and Jackson are the men, and their improvement over the period of Lawrence's fifteen games schedule has been encouraging. The Vikes' veterans have gone beyond expectation, and, though the loss of stars Straubel and Osen and reserve Helterhoff will be heavily felt, the hopes of 1937-38 are not dim, for other stars are returning. Burton has been the Blue and White ace for two years, and next year will be no exception. Kapp will be a seasoned ball player ready for more action next winter—Crawford and Scheus like-wise. Freshmen Cape, Buesing, Skow and Nichols will be valuable assets.

Nine wins out of fifteen for the year—an even .500 average in a hot Mid-West Conference scramble has labeled the Vikings' record as an impressive one. In last Monday's convocation a real hand and plenty of cheering were donated to the men on the squad and to Viking Coach Denney's basketball work for the year.

So They Say

Mr. Editor:

Tain't love that makes the merry old world go round and round. Nay, nay, you naive children, 'tis dollars and cents. We don't go to school on our love for alma mater or our parents' overwhelming affection for us. We don't go to church without a nickel, or get married without thirty-a-week to pay the landlord and the grocer.

We don't have plays or fraternities or dinners or All-Greek Weeks unless some one of our more clever public-minded brothers sees fit to turn to the old cow for a little benefit bleeding, or do they bleed cows?

Even if love is superceded by lucre, the sex question is still among those present, 'cause it is ever and anon the woman who pays and pays. Gentlemen have conferences, and it's up to the women to pull 'em out of the red. To elucidate, the combined fraternities sent a couple of delegates into the fastnesses of the Atlantic Coastlands, and are still trying to figure out what was going to finance said excursion. Ergo: All-Greek Week, like a bolt from the red.

Aforementioned females get dealt in by virtue of their Greekness. Concessions is

From Other Presses

"I vote i for Roosevelt because he has such a nice smile and a perfectly lovely radio voice . . . But I didn't vote for six additional supreme court justices."

That is what Clara Waring, New York actress, thinks of the president's plans for supreme court reorganization. But Marion Harvey, another actress, has a comeback.

"I approve, because men over 70 seldom go to a musical comedy . . . How can they know what the rest of us think!"

Roosevelt's proposal has set off one of the greatest all-American free-for-all debates in history. Ideas, opinions, and charges are flying from all quarters.

Guess whose opinion this is. "Mr. Roosevelt has decided to make a 'yes-men's' club of the supreme court so that the highest tribunal in our land will make square pegs in round holes at the bidding of a master." It's Father Coughlin.

Going to the gridiron for a simile, A. H. Jenkins, editor of the Farm Journal, says, "As I see the president's supreme court proposals, our self-styled quarterback, having been penalized six or eight hundred yards for slugging and illegal interference, now wants to select a new set of referees, field judges and linesmen in the middle of the game."

Governor LaFollette, upholding the president, says that "It is a very simple recommendation which has unloosed the turbulent waters swirling about us."

And in this same vein, Arizona's Senator Ashurst says, "That bill is the mildest of all the bills that could have been introduced on the subject, and a marvel, in the present circumstances, at the moderation of the president."

But W. T. Manning, Episcopal bishop of New York, doesn't seem to consider the proposals as being mild. He says, "The nation faces a grave crisis . . . Their proposals would be a death blow to our constitutional democracy . . ."

If congress passes this bill or any bill like it, it will have taken a long and perhaps irrevocable step into dictatorship," according to Amos Pinchot, New York lawyer.

Columnist Dorothy Thompson, wife of "It Can't Happen Here" Lewis, says, "You can bet that our dictator . . . Will be a great democrat." And instead of saying "Heil" or calling him "Duce," she says we will cry out "O. K. Chief! Fix it like you wanna, Chief. Ok Kaaay!"

In reply to dictatorship charges J. H. Borsch, president of the Farmers' Holiday association says, "The representative form of government ceases to exist and dictatorship has arrived when the court renders void the result of elections and the expressed will of the people."

And so the debate continues. One nationwide straw vote claims the country is opposed to the presidential plan 2 to 1; another 53 to 47. In the senate the "fors" and "against" appear to be nearly evenly divided with 19 men failing to commit themselves.

To a reporter who proposed wagering \$5 that the president would win in his fight to reorganize the supreme court, Postmaster General James A. Farley remarked, "Double your bet."

Speaking of Farley as a prophet, Roosevelt said, "History . . . may even add his name to the distinguished list of major prophets. Even as the name of William Jennings Bryan sometimes suggests the arithmetic of 16 to 1, so perhaps the name of Jim Farley will suggest the more modern arithmetic of 46 to 2."

—The Daily Cardinal.

the answer; the girls don't need the money as desperately as their brothers, so they may manage a concession or so if they will pay for the right. Nothing exciting like a shell game or Bank Nite to soil their fingers, but a little gamble on what Coca Cola will do to other things isn't immoral.

For the privilege of playing ball with the boys and heck with peoples' digestions, these generous little girls are sharing the boys' expenses. From recent explosions in this sheet, it's obvious that dances are not predestined successes, but such an eventuality has been provided for. If the carnival dance doesn't pay for the boys' smoker, and the boys' speaker, and the boys' debts, they're going to leave the cow and split the expenses as they might as well have done in the first place.

PURE GREEK.
